**ABX EQUIPMENT & FACILITY SERVICES ANNOUNCES DIRECTOR
Todd Reed Named Director of Business Development**

WILMINGTON, OH – August 4, 2009 – ABX Facility and Equipment and Facility Services (AEFS) announced the appointment of Todd Reed as Director of Business Development.

“Todd brings to AEFS 25 years of operations management and will be instrumental in growing our business,” said Gary Stover, ABX Air Vice President of Air Park Services.

Reed joined ABX Air in 1997 as Operations Manager for Airborne Logistic Services. During his 10-year tenure, Reed held positions of Operations Manager, Warehousing & Distribution manager, and held the Director of Logistics Services for four years before moving to ABX Air’s newly formed division of ABX Equipment & Facility Services. Reed has 25 years of experience in operations management.

Prior to coming to ABX Air, Reed spent 10 years with Pac National Group, a manufacturing, warehousing and distribution operation, working with Airborne Express field stations to support their shipping and sales supplies.

We have an excellent opportunity to make this new division successful,” said Reed. “With the extensive experience of the staff and the vast array of assets we have secured, we can provide valuable support services to a diverse and varied group of businesses over numerous industries.”

AEFS

A division of ABX Air, ABX Equipment and Facility Services (AEFS) is an established provider of airport support services. AEFS has over 25 years of experience in facilities maintenance, material handling equipment installation and maintenance, equipment/vehicle maintenance and repair, to provide exceptional service and meet a diverse range of customer needs.
