**ABX EQUIPMENT AND FACILITY SERVICES SHOWCASED AT CONFERENCE
AEFS Introduced to the Industry at the Aviation Industry Expo**

WILMINGTON, OH – March 15, 2009 – ABX Facility and Equipment Services (AEFS) introduced its services to the market at the recent Cygnus Aviation Industry Expo.

As a business-to-business platform, the Cygnus Aviation Industry Expo is an opportunity to touch nearly all aspects of the industry from airports, fixed based operators and ground support to security and aircraft maintenance.

“We were looking to introduce AEFS to the industry to showcase our capabilities that we have developed over the last 25 years,” said Gary Stover, President of AEFS.

The show proved to be an appropriate venue for AEFS, as it showcased its services for Ground Support Equipment (GSE) maintenance, refurbish, and leasing.

AEFS

A division of ABX Air, ABX Equipment and Facility Services (AEFS) is an established provider of airport support services. AEFS has over 25 years of experience in facilities maintenance, material handling equipment installation and maintenance, equipment/vehicle maintenance and repair, to provide exceptional service and meet a diverse range of customer needs.
